What's New in 2019?

Beginning in 2019, Medicare Advantage Plans have increased flexibility in their plan offerings. This means that plans may be able to reduce cost-sharing for certain covered benefits, offer specific extra benefits, or charge different deductibles for some enrollees who meet specific medical criteria. Plans are also gaining the ability to offer new supplemental benefits that are not directly considered medical treatment, like nutrition services, in-home supports, and home modifications. These changes mean that there may be more Medicare Advantage Plan options available in 2019, and it may become more complicated to compare these options. Remember to carefully review your Medicare Advantage Plan's Evidence of Coverage and any other materials from your plan.

During the Medicare Advantage Open Enrollment Period (MA OEP), you can switch from your Medicare Advantage Plan (excluding Medical Savings Accounts, cost plans, and PACE) to another Medicare Advantage Plan or to Original Medicare with or without a stand-alone prescription drug plan. The MA OEP occurs each year from January 1 through March 31. Remember, you can only use this enrollment period if you have a Medicare Advantage Plan. Changes made during this period are effective the first of the following month.

If you have Extra Help in 2019, you have a Special Enrollment Period (SEP) to enroll in a Part D plan or switch between plans. This SEP is available once per calendar quarter for the first three quarters of the year (January-March, April-June, and July-September). If you use the Extra Help SEP to change your coverage, the change will become effective the first of the month following the month that you make the change. This is a change to the Extra Help SEP, which previously could be used once per month. If you have Extra Help, these new limits may mean that you are locked into a drug plan at certain times of the year.

Who can I contact if I need more assistance?

You can call **1-800-MEDICARE** (800-633-4227) if you have questions about what services are covered and at what cost under Original Medicare. You can also call to find providers who accept assignment in your area.

You can call your **Medicare Advantage Plan/Part D plan** directly with questions about your prescription drug formulary, in-network providers, and your plan's costs and restrictions for accessing care.

You can call your **State Health Insurance Assistance Program (SHIP)** for information about how to find Original Medicare and Medicare Advantage providers that accept assignment or are in your plan's network. Your SHIP can also help you appeal service denials and find Medicare coverage that works well for you.

You can call your **Senior Medicare Patrol (SMP)** if you believe you were a victim of Medicare fraud or abuse. Your SMP can help you identify cases of fraud or attempted fraud, such as having been pressured into signing something you didn't understand, a provider's refusal to bill Medicare without an explanation, or misleading plan marketing. Your SMP can also help you report cases of fraud or abuse to the proper authorities.
